

## **SCC Meeting Notes 10/14/2008**

**Present are Julie Eihausen, Karla Knox, Pat Fulmer, Shawn Kuennen, Michelle Powell**

**Question about the number of teachers pulled out of class for recent training. GILD training is expected to provide help with working with ELL children and should eventually pay off. Our ELL population has grown and is continuing to grow, so we need to do something. Power hour will be evaluated during the year.**

**Dates for SCC meetings should be posted in the office and on the web page.**

**Bylaws – update and signing**

**There were not many changes, except for names, etc. and added dates.**

### **CRT Scores:**

**Suggested that we should be able to track children from year to year to see how they and we are progressing. Since our Hispanic children are more transient, it is hard to track the group. Can we track individual children?**

### **AYP Report:**

**CRT results for 2<sup>nd</sup> grade may be skewed by mistakes in scoring. Tim McConnell has them and will working on that for us.**

**We may need to check on how the schools have improved the achievement of Hispanic kids in Rosepark area. The methods may be something that we can use or modify for us.**

### **School Improvement Plan:**

**There is a bookkeeping mistake in the amount carried over from last year because of mistakes in coding in at the District Office. Shawn will talk with Paula Plant to look at 2 years' plans to locate the mistake.**

**In sending in the statement on reviewing landtrust and approving, we are writing in that there was a mistake on the numbers and want them to be reviewed. The carry over '06-'07 was a positive number, not negative.**

**We need a new SIP that includes the corrections and updates from previous drafts.**

### **BLT update on Math/Language Arts :**

**Teachers know that each grade level has about \$840/grade level to spend on math or language arts. In November, Ginny is to report to SCC about power hour**

### **Enrollment numbers:**

**5<sup>th</sup>-grade classes are very crowded. We will not be getting a new teacher because of the total ratio of student to teacher in the school. There is an aid position that could be used for 5<sup>th</sup> grade. Shawn will be interviewing for that position.**

**Pinebrook bus stops have been consolidated and a new bus stop created. It does not seem to be working. We would like to have the bus director at the bus stop to see how dangerous it is. Suggest a meeting with the Pinebrook Homeowners, County, and bus director.**
